PROFESSIONAL EXPERIENCE

Wizeline

Nov '16 – Dec '18

Software Engineer

- Worked as a front-end developer with one of our client's product teams.
 - Proposed and executed codebase revamps to improve efficiency, maintainability, and developer experience.
 - Became a member of different committees to advance the state of their processes, technology stack, and code.
- Founding member and co-organizer of our Front-end chapter.
- Volunteered for Wizeline Academy and other company activities.

Mar '16 – Nov '16

Site Optimization and Engagement Engineering Intern

- Worked with the marketing team to develop wizeline.com features, and web pages.
- Interconnected marketing-related applications and systems.
- Participated in our recruiting process as an interviewer.

Tu Teto

Oct '14 – Oct '15

Software Developer

- Rebuilt the project from scratch.
- Owned the front-end side of things.
- Worked by gathering requirements from co-founders, wireframing and implementing them.

Freelance gigs

I used to work sporadically as a freelancer doing web development, working with different technologies depending on the project.

EDUCATION

ITESO

Jan '12 – Dec '16

Bachelor of Science in Computer Engineering

CETI

Jan '08 – Dec '11

Technical high school degree with a software development specialization

TECHNICAL SKILLS

JavaScript, React, HTML, CSS, Node.js, tooling (bundlers, preprocessors, transpilers).

I've also worked with other front-end related technologies, Python and PHP.
